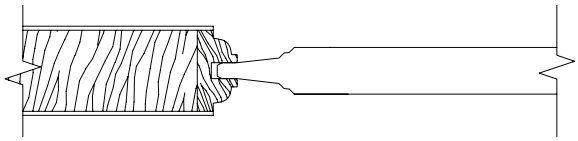
REDI-PRIME® RAISED PANEL INTERIOR DOORS

Simpson Redi-Prime® is one of today's most recognized brands for painted interior doors. The method of construction and internal components are the same as Simpson wood doors. And when combined with MDF veneers on stile and rail surfaces, solid MDF panels and an impeccable priming process, the result is an architecturally-beautiful, long-lasting interior painted door.

Redi-Prime is also a proven value when compared to solid moulded skin interior doors. Choose from a variety of panel and French designs, all available either in local inventory or through Simpson's Redi-Ship® Program.



RAISED PANEL SPECIFICATIONS

- In stock in all interior doors widths, in both 6'8" and 8'0" heights
- Special sizes, designs and shapes can be manufactured to complete your house pack
- Engineered stiles and rails with 1/8" thick MDF veneer over finger-jointed wood core
- Solid, 3/4" thick double hip-raised MDF panels
- Factory double-primed and sanded
- 10-year warranty
- For a full list of available designs and sizes in stock, and to view the entire Redi-Prime product line, visit simpsondoor.com/rediship
